

The name above all names is Jesus.

He is the way, the truth and life.

**He came down to earth to save us,
he came to heal and set the captives free.**

**Come to him with all your needs and sorrows
because he cares and offers you rest.**

**For his love is deeper than the oceans of the earth
and much higher than the mountains.**

This love will never stop flowing to us.

Let him come and touch your heart and your mind.
